Output:
Hi! I am a chatbot created by you. Type 'quit' to exit.
> hello
Hello
> what is your name?
```

I am a chatbot created by you. You can call me ChatBot! > how are you?
I'm doing good. How about you? > my name is John
Hello John, How are you today? > I am doing well
Nice to hear that > sorry for bothering you
It's okay > quit
Bye for now. See you soon!
